# Challenge of the Week

## Create a poster about Earth Day!

On April 22 it is earth day. You can celebrate earth day by discussing with your family the 3 R's. Ways you and your family can help the earth! The three r's are reduce, reuse, and recycle.

Here are some examples that you might want to discuss : 1) Reduce ( when your brushing your teeth turn the water off, or when you leave a room turn the light off) 2) Reuse ( you might give away toys instead of throwing them out when your done so someone else can reuse and enjoy them, using a reusable shopping bag instead of plastic 3) Recycle (recycle your bottles, or cardboard)

Go for a walk with your family and collect any garbage you might see on the side of the road!!!

Extra resources:

- If you have access to the internet here is a story that your child can listen to the story "The Lorax" on <https://www.youtube.com/watch?reload=9&v=EdWesdMfyd4>

- They can watch the original Lorax movie <https://www.youtube.com/watch?v=8V06Z0Quo0k> (app 30 mins)
