Math

Task for the week: Sort 3D objects and 2D shapes and compare 2D shapes and 3D objects in the environment

SHAPE SORT

1. Walk around your home and gather 15 objects.
2. Sort them by shape: circle (cercle), square (carré), triangle (triangle) and rectangle (rectangle).
3. How many items are squares? Circles? Triangles? Rectangles? (Example: mom or dad's cell phone is a rectangle!)

Color the shapes: activity "Les formes"

Create a robot using 3D shapes and recycled material like in the video or create your own with items you can find around the house: <https://www.youtube.com/watch?v=U5iN3O4E7Jc>
